

IFEANYI MICHAEL IHEME

FRONTEND ENGINEER

Lagos, Nigeria - +234 814 5663 725 - ifeanyihm@gmail.com - ihemestudio.com - github.com/ifeanyihm

PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building responsive, accessible, and performant web applications using React, Next.js, and TypeScript. Skilled in translating Figma/Adobe XD designs into pixel-perfect interfaces, integrating REST APIs, and applying SEO and web accessibility (WCAG) best practices. Proven record of improving user engagement and business metrics, including an increase in lead inquiries through SEO optimization.

PROFESSIONAL EXPERIENCE

1502 PROPERTIES, Lagos, Nigeria

Software Developer & IT Support Staff

January 2024 - Present

- Built a responsive property listing web app for **1502 Properties**, showcasing available listings to prospective buyers.
- Implemented direct agent redirection to streamline inquiries and improve lead conversion.
- Applied SEO best practices, increasing property inquiries by 30% within three months of launch.

INTEGRATED SOFTWARE SERVICE LTD, Lagos, Nigeria

Frontend Engineer (Contract)

November 2024 - July 2025

- Collaborate with a team to develop web applications for financial sector businesses.
- Built investment dashboards for Nigerian firms handling bonds, treasury bills, and other investment products, integrating REST APIs for real-time data.

FREELANCER, Remote

From December 2022

- Collaborate with clients to define requirements and deliver solutions aligned with business goals.
- Provide technical guidance throughout the development lifecycle.
- Develop responsive websites using HTML, CSS, JavaScript, and React, improving user experience across devices.
- Converted Figma and Adobe XD designs into pixel-perfect, accessible interfaces.

ZURI INTERNSHIP, HOTEL NG, Nigeria

Frontend Developer Intern

October 2022 - December 2022

- Collaborated remotely in cross-functional teams to build real-world web applications under structured timelines.
- Optimized performance and applied clean code practices to build scalable and reusable components.
- Followed agile workflows and participated in code review, improving communication, and teamwork skills.
